Re: Procurement & Bid Opportunities

---

Alsay is requesting quotes on the following goods and services to be utilized for plugging of SAWS/DSP Public Supply Wells. All prices must be held minimum of 60 days, pending execution and acceptance of the contracts.

Project consists of: Plugging water wells at multiple locations as outlined in the contract specifications.

---

**Supplier/Subcontractor Opportunities:**

Demolition Services  
Cementing Services  
Geophysical Logging

To view additional project information, as well as obtain the complete plans and specifications please either contact Alsay directly at (210) 628-1090 or SAWS.org

There is a pre-bid meeting scheduled for August 11, 2016 at 9:00 AM at the SAWS Purchasing Conference Room No. 559, 2800 US Hwy 281 North, San Antonio, TX 78212.

Please respond with your bid by 12:00 noon on the 24<sup>th</sup> of August 2016. Fax your proposal to (210) 628-1505 or email to [steve.bell@alsaywater.com](mailto:steve.bell@alsaywater.com)

The SMWB goals on this project are 19%

Additionally, be aware of the Davis-Bacon wage scales in the contract specifications and that the successful bidder must ensure that employees and applicants for employment are not discriminated against because of race, color, religion, sex, age or national origin.
